? = information not provided (several athletes did not give DoB or ages); also some undecipherable writing!

**NOTE :** veteran age groups given in the usual 5 year age bands, although we did not make awards in all of them.

Only one duplicated number this year - probably recorded twice as the times do not allow for the extra runner.

**Congratulations** to winner Peter Grime after his first equal with brother Ian in 1999 and finishing 4th behind Ian's win of last year. The trophy must be well liked at the family home back in Oldham.

**Congratulations** also to Helen Lawrence with an impressive victory in the Ladies event.

First male veteran was "home club" member Gary "the laugh" Withers.

West Cheshire AC acknowlege the support of **Athletes Feet**.

**West Cheshire AC thank The Lord Mayor and Mayoress of Chester for their attendance.**

also the police(although we did not venture out onto the public road in the end), Chester City Council and Chester Race Co. and St Johns Ambulance and all our Officials, marshalls and helpers for contributing to the success of the event.

For obvious safety reasons we decided against using the City walls part of the course - the heavy snow shower had left them with very wet snow which we considered not safe. Only the third time in the 30 years of the event we have not ventured into the City.

Some other observations : only about one third of athletes who are members of NoEAA clubs put their membership numbers on the forms.

164 entries before the day; 224 on the day (which makes life very hectic for the organisers).

6 male, 14 vet male, 12 female pre-entries did not report; 5 male entrants on the day do not appear to have finished - yet!

One complaint : from a very respected veteran runner of long standing - he objected to the course cutting by the leading 4 runners.

Hopefully everybody ran the required number of laps - it was impossible to check everybody

If you have any comments on the Boxing Day race please send to either

Entry Secretary : Brian Hastings,

or John Driscoll , (results)
