Apologies to the over 45 veteran men for the confusion at the presentations, but we are still a bit confused! After Ted Isaacs, the next over 45 appeared to be no. 503 – the real no. 503 was acting as a marshal and the "impostor* did not come forward. The next over 45 to finish wearing 532 was in fact over 50 and should have worn 614, which was worn by his over 45 name sake! Confused? We do appear have got the prises to the correct recipients – eventually, but it must be a bit galling to two over 50's – John Thomas of CEPAC and Roy Fellows of Wirral who finished ahead of the over 45 prize winners but received nothing! But such is the competition at veteran level these days.

In 1983 the ladies event had been lengthened to the same distance as that for the men and to the later displeasure of the Womens Athletic authorities; they set off with the men. The minimum distance at that time for a combined race was 5 miles!

A separate start was arranged from 1984 onward, five minutes after the men.

The BRITISH ATHLETICS CLUB ladies race

I = intermediate lady (15 to 17 years); V = lady (over 35))
