32nd BOXING DAY CHESTER "ROUND THE WALLS" RACE – (approx 4.2 miles)

December 26, 2003

Congratulations to Zibi Szlufcik on winning having finished 4th two years ago on his previous visit to the area.
Congratulations to Helen Lawrence on her third consecutive win, a record for the ladies event.
Congratulations to Maurice Morrell on completing his 25th Round the Walls race (out of the 32 held so far).

West Cheshire AC acknowledge the support of **Athletes Feet** for the event.

West Cheshire AC thank the Lord Mayor of Chester for his attendance to start the race and present the awards.
We also thank Chester City Council and Chester Race Company
St Johns Ambulance
and all of our Officials, marshals and helpers for contributing to the success of the event.

Many thanks to the team of Jenny, Jill and Anne for dealing with entries on the day
My thanks to Anne for helping sort out the results for the presentations.

Again another change to the course after discussions with the Chester Race Co which allowed us to cross the runners back to the Roodee and so avoid the raised pavement ("The Promenade"!) on the far side of the race course. This enabled us to increase the advertised entry limit from 400 to 500 - but this was not sufficient to meet the demand and a lot were disappointed.

Amongst last year's comments: –

"**Seriously, please consider entering in advance;** – if we reach a stated entry limit, we will NOT accept additional entries."

Pre-entries were about 50% up on last year - 342 vs. 214
By 10:30 am we had filled the remaining 158 places.

Senior Male	85 pre-entered,	58 on the day		19 pre-entries, 4 on the day did not start/finish		(16%)
Veteran Male	130 pre-entered,	67 on the day		18 pre-entries, 0 on the day	*ditto*	(9%)
Ladies	127 pre-entered,	33 on the day		24 pre-entries, 2 on the day	*ditto*	(16%)
	342	158	=Race Limit 500			

COMMENT *(from John Driscoll, not necessarily the views of West Cheshire AC)*
Although 436 (give or take one or two) finishers are listed, we actually had 462 cross the line. 25 of those were not wearing numbers; the other is a person who admitted after the race that he had got the number off a club colleague. Several days later when trying to resolve conundrums, I found another person had done the same thing - hence the blank at 269. I suspect that these are not the only two. It was my decision (alone) not to accept re-registration of numbers in the 10-15 minutes before the race started. Perhaps we should have done so, but that would not have resolved the overall problem (of too may runners).
Reports from observers, marshals and athletes suggested that there were more who dropped out before the finish line.
That helped us in one way. However, it suggests that we had probably more than 500 starting in the race and from reports at the entry to the Walls section, the numbers caused problems due to a crush as well as hold ups on other narrow sections
Our entry limit is based on expecting a number of "no shows" with around 450 actually running
What is the solution (to ensure we do not have more than the entry limit taking part)?

Possibilities (some more serious than others):
1 Ask English Heritage (the owners) and Chester City Council (the managers) to widen the Walls!!
2 Reduce the entry limit to, say 450
3 Do NOT take entries on the day (as used to be the case when I first came into this in the late 70's)
4 Have two races - one for the better club athletes (time standard beyond which they are not recorded) and one for the great army of the "unattached".

Unfortunately we can not stop non-entered persons taking part. But I suspect they do not realise the problems they can create, particularly in this respect to Safety. Also running in some one else's number is "totally unacceptable" to quote my response to the local athlete who admitted this felony soon after the race (because he thought we would like to know!).Let alone being against the Rules for Competition (but then when have Rules concerned many runners?) just think of the potential problem of an accident. The Emergency Services would contact the organisers for the details (name, address, etc) of the runner and in that situation; we would have the wrong details.
I would guess the West Cheshire AC events committee will have some thoughts when they next meet.
